# Leland "Red" Ivers

DEMOCRATIC CANDIDATE FOR THE  
UTAH HOUSE OF REPRESENTATIVES  
WASATCH COUNTY

Dear Fellow Citizen,

I want to tell you what I'll try to do if you return me to the State Legislature.

I run a store in Midway and know how badly we need new sources of business. I will strive to promote the State Park and build guest and tourist traffic for us.

My son farms and I've learned well how much we need to improve market conditions for dairy and livestock farmers.

Equalization means lower taxes and better schools for our county. I'm ready to fight the great industrial interests for distribution of more state funds for school buildings and operation.

I'll guard our water energetically. We must have Bates Reservoir and sufficient loan funds for the Water and Power Board.

My loyalty is to the people of Wasatch County. I earnestly solicit your vote.

With best regards,

*Leland Ivers*
